

There was a large crowd in attendance and the music refreshments were all that could be desired. The evening was pronounced by all as a huge success.

# \*\*\*\*\* VIEWS OF GREAT MEN \*\*\*\*\*

It is time for all things that  
most, precious, waiting time  
must be the greatest prod-  
gality, since last time is never  
found again.

## \*\*\*\*\* A SIMPLE BUSINESS PROPOSITION \*\*\*\*\*

TO ask you to purchase your  
goods in your own home  
town is simply asking you to  
give your local market an oppor-  
tunity to meet your require-  
ments; asking you to help the  
town in your trade territory that  
is trying to provide the neces-  
sary merchants, stores and  
equipment to serve you faith-  
fully, honestly and economically  
asking that you keep your money  
as near home and as near your  
business as possible, and also  
asking that you assist in build-  
ing up one of the most progre-  
sive towns in Western Canada.

But mind, you are not being  
asked to do this thing to your  
own detriment or loss. You  
are only being asked for an op-  
portunity of meeting your re-  
quirements. If, after you have  
given this opportunity to the  
merchants in your home town  
and you find their service, price  
and goods do not come up to  
your expectation, then they will  
not expect you to continue your  
patronage with them. Your local  
merchants' prices on all com-  
modities will stack up with the  
best, and they want to build up  
their business on prices, quality,  
competition, and not on sym-  
pathy.

So when you are asked by  
your home town merchants to  
buy at home, they mean busi-  
ness and business means prices.  
A fairer proposition than this  
could not be expected by anyone.  
Isn't it to your advantage to  
have a thriving town? Doesn't  
it improve your investments in  
the district. Isn't a thriving  
town a reflection of what kind  
of people are living in the dis-  
trict?

Then do your part, give your  
home town merchants a chance  
to serve you. That's all they  
ask.

### THE WHEAT POOL

It is not the exchanges as the  
price determining factors  
that regulate the western Cana-  
dian farmers' revenue from  
wheat any more. The orderly  
marketing system of the Pool  
has put a stop to this phase of  
the grain trade which in other  
years made wealthy men of ev-  
erybody that handled grain ex-  
cept the producers.

The first important thing to  
come before parliament was the  
Campbell Act to give the  
of its patrons shipped to Pool  
terminals no matter in what ele-  
vator it may be deposited. This  
is the measure that became law,  
as far as the house was concern-  
ed, almost unanimously last  
year, but which failed to get by  
the senate. A powerful lobby  
is expected to oppose the bill as  
it did last year, but the Pool  
management thinks it will in  
this time become law in spite of the  
foes in the trade and the power-  
ful influence they exert in legisla-  
tive circles. Anyway, the op-  
position from the trade does not  
seem to be hurting the Pool, as  
memberships and volume of grain

are steadily increasing in all  
three provinces of the consoli-  
dated Pool.

This will be an important year  
in the history of the Wheat Pool.  
Its future will depend on the  
success of the signing of the  
contracts this season, but latest  
reports would indicate that farm-  
ers have discovered the advan-  
tages of the Pool and are doing  
their part to make it stronger  
than ever this year.

Although titles are barred in  
Canada, it has not prevented  
Premier Brownlee from getting  
a new one. An Edmonton bar-  
ister has christened him "the  
Hired Man of the U.F.A." His  
title will likely be Barn Brown-  
lee of Cowbyre.

General MacBrien has resign-  
ed his position as Canada's chief  
of staff and the reason he gives  
is that his salary of \$9,000 a  
year is not sufficient to live on.  
Now all together on the chorus:  
"For I wish I was a soldier."

At a meeting of the modern-  
ization League it was suggested  
that the government give a per-  
centage of the profit from the  
sale of liquor to the hospitals  
and widows' pension funds. Why  
not include the Gold Cure insti-  
tution.

South African missionaries  
scoff at the idea that the Char-  
leston is a modern dance. One  
missionary says he has seen the  
natives dancing in the jungles  
of Africa for the past twenty  
years. Now that we know  
where the dance originated, we  
all understand why our old  
South African friend P. H. Wed-  
derburn never danced it here.

Returns from the Income-Tax  
collections show that in all \$56,-  
197,066 were collected in Canada  
from that source. Of this  
amount twelve cities contribut-  
ed \$51,554,569. Ontario and  
Quebec contributed all but ten  
million dollars of the total  
amount. It's no wonder the U.  
F.A. at its last convention ap-  
proved of the present Income  
Tax system.

Divorce officials in United  
States say that at the present  
rate at which divorces are grant-  
ed in that country it will not be  
long till there is one divorce for  
every marriage certificate issued.  
Can it be that the synthetic  
concoctions which followed the  
making of the Volstead act have  
so interfered with the human  
blending proclivities of our coun-  
try to the south?

It is now charged that Chinese  
students, educated at western  
universities are the leaders in  
stirring up their countrymen to  
resent the demands of other na-  
tions for the guarantee of the  
safety of foreigners in China. If  
this be true, it is a poor way for  
these supposedly educated Chin-  
amen to show their appreciation  
for the privileges and security  
which they have always enjoyed  
in western countries.

At a meeting of the Edmon-  
ton Women's Liberal club re-  
cently a resolution was passed  
petitioning provincial legisla-  
ture to take some action in regard  
to what they termed a conspiracy  
against the western grain route.  
The same meeting also congrat-  
ulated the King government for  
its efforts made to establish this  
western grain route for the ben-  
efit of Alberta and Saskatchewan  
grain growers. The Edmonton  
Women's Liberal club is the only  
western organization we have  
heard of to congratulate the  
King government for disregard-  
ing Alberta's claim for a rep-  
resentative on the Vancouver  
Harbor Board. An Alberta man  
on that Board could have done  
more to move obstructions in the  
way of developing the west-  
ern route, than a whole slew of  
resolutions such as the ones  
referred to above.

## Here and There

Fifteen head of shorthorn stock  
owned by the Prince of Wales at  
his ranch near High River, Alberta,  
were purchased for the Kirkwood  
Farm in California, according to an  
announcement made by Prof. W. L.  
Carlyle, manager of the Prince's  
ranch.

Canada's largest muskrat ranch  
now being established at Swan  
Lake, about 40 miles west of Que-  
bec in central British Columbia.  
There are about 4,000 muskrats on  
the farm now and it is estimated  
that the ranch will eventually have  
an annual output of 50,000 pelts.

The S.S. Emperor of Port Me-  
Niel, purchased by the Canadian  
Pacific Railway Company and re-  
named the S.S. Nootka, sailed from  
Montreal recently for Newfoundland  
and will then proceed to Van-  
couver via the Panama Canal to join  
the Canadian Pacific coastal fleet.  
The Nootka will be operated on a  
cargo service between Vancouver  
and Skagway, Alaska.

Edmonton.—The first plant in  
Canada, outside of British Colum-  
bia, for the freezing of fish, poultry  
and eggs under the Ottawa process,  
will be operating in this city by  
the 1st, according to J. Johnson,  
managing director of the Johnson  
Fisheries, Limited. His firm paid  
\$100,000 for the rights of the inven-  
tion. The initial capacity of the  
plant will be fifteen tons a day.

Victoria.—The new drydock just  
completed at Esquimalt, Victoria, is  
the second largest in the world, being  
only 20 feet shorter than the Com-  
monwealth dock at Boston. This  
great dock, here of 600 feet in  
length, 149 feet wide at the top  
and 128 at the bottom. Its depth is  
40 feet and it has a water level  
of 40 feet above the low tide. The  
dock will take the largest ship  
afloat.

The shipment of Canadian apples  
to Europe is many centres on  
the Continent is expected to be  
heavier this year than ever experi-  
enced, according to J. R. Martin,  
manager of the foreign freight de-  
partment of the Canadian Pacific  
Express Company. About three  
years ago the practice of sending  
Canadian apples to the Old Country  
as Christmas gifts became popular,  
and the shipment each year have  
correspondingly increased.

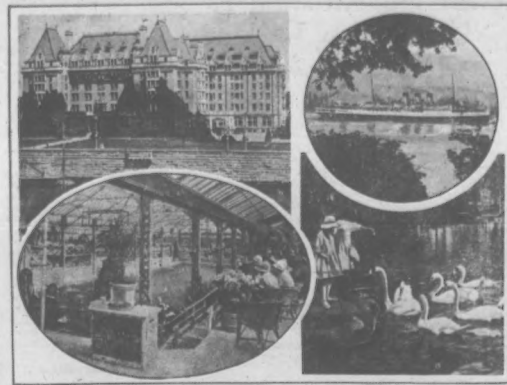

Facilities at the Eastern Public  
Cattle Market in Montreal have  
been augmented by the addition of  
a new export cattle building, which  
was opened recently. This new  
building is considered one of the  
finest of its kind on the continent  
and has accommodation for 50 car-  
loads of cattle. By the arrange-  
ment of 15 cattle chutes on each  
side of the main alleyway, a train  
of 25 cars can be unloaded at each  
side of the building.

According to the western farmer  
a bagful of the recent year's har-  
vest was the use of "combs"—  
the simplest reaper and thrasher  
now being made by several impor-  
tant manufacturers in this country.  
One farmer using this outfit claim-  
ed to have reaped 10 to 15 to 20 acres  
per day at a cost of 40 cents an  
acre. He says that they save the  
cost of time and about one-tenth  
of the labor of harvesting. The im-  
plements cost about \$2,000.

A preliminary conference, the re-  
sults of which may be of the most  
importance to the Maritime Pro-  
vinces, was held in the Board Room  
of the Canadian Pacific Railway at  
night at the invitation of E. W.  
Beatty, chairman and president of  
Windsor street station here re-  
commence. It was attended by  
Hon. E. N. Alder, Premier of New  
Scotia; Hon. J. B. Macdonald, Pres-  
ident of New Brunswick; Hon. J. D.  
Stewart, Premier of Prince Edward  
Island; E. W. Beatty, chairman and  
president of the Canadian Pacific  
Railway; and V. S. Black, Governor  
of the Hudson Bay Company; Colonel  
Stanley, of the Hudson Bay Over-  
seas Settlement; G. W. Allen, direc-  
tor of the Hudson Bay Company;  
and Dr. W. J. Black, representing  
the Canadian National Railway.

The big game season now nearing  
its close in the Lake Windsor  
region has been an unusually suc-  
cessful one. Parties from the mid-  
dle western states have been numer-  
ous on this year and their "luck has  
been in" the numerous of these  
"hunting grounds," the  
Rocky Mountain Parks and the  
Provincial Game Preserve, has  
been a factor. Beaver trapping is  
now again an active industry, with  
recent restrictions removed. Many  
trappers have been taken out, each  
license being asked a certain de-  
fined area.

## Victoria a Mecca for Winter Tourists

Upper left—The Empress Hotel, Victoria. Upper right—Canadian Pacific motor launch "Empress Hotel," was through the town of Stanley Park. Lower left—Crystal Gardens, where many international swimming races are held. Lower right—Victoria's winter scene.

A year round golf, swimming, green lawns and  
spring blooms in Canada in the midst of winter  
are offered by the famous resorts of Victoria and  
Vancouver. One does not have to go south to avoid  
the rigors of winter but, by leaving the prairies with  
next spring's wheat hidden beneath a warm covering  
of snow, the traveller is welcomed to a land of  
the freshness of spring flowers and the velvet green  
swards. The first vista of Victoria harbor, unlike  
the usual approach of a destination, presents a charm  
unparalleled, with the stately docks, and the English  
heritage drive to the Empress hotel, not unlike  
an ancient and feudal castle. Numerous sail ves-  
sels in simple beauty seem to be underlined whether  
to break into bloom, adding their portion to the pic-  
turesque green lawns, perhaps the finest in Canada,  
which front the Parliament buildings on the right.  
Challenging the Frost King, many Victoria gar-  
dens show the more courageous flowers such as the  
blooms covered yellow jacinths, violas in sunny nooks,  
daffodils and hyacinths heavily laden with buds and  
nourishment needs which have already put forth their  
leaves.  
The new Crystal Gardens, situated just beyond  
the Empress Hotel, provide a fascinating feature to  
the capital city having nothing to be desired in the  
way of attractions. Here swimming in the clear,  
sprawling, even tempered water of the pool graduated  
in depth from three to ten feet, and one hundred and  
fifty feet in length, with a canopy of glass, is a great  
pastime of the many visitors. The Crystal Gardens  
is the scene of many international swimming events.  
Completing the setting are fine dance halls at the  
ends on the main floor with tea tables and tempting  
wicker chairs along the sides. The profusion of  
huge ferns and palms which grow rapidly due to the  
warm moist air lend a tropical atmosphere to the  
Gardens with the aid of the silver-bronzed notes of  
the canaries in their gilded cages.  
The recently constructed Canadian Pacific Rail-  
way golf course, "Langara" at South Vancouver is  
regarded as one of the finest public courses on  
the Pacific coast. Here Walter Hagen, golfing ace  
of America, stayed not long ago to eclipse the per-  
formance for the course.  
After a day of golf and swimming, the dance, with  
lights and crowds and music are the means of  
convivial visitors, perhaps there is a water fever in  
the pool, but summer regime surprise no matter what  
blizzards sweep the plains.

## Sister of J. McKenna Died at Dickbury

Mr. McKenna Called to Dickbury and Buried for Funeral

The death occurred in Dickbury hospital on Jan. 23rd of Mrs. Jan. Chas. McKenna, a resident of that district. Mrs. McKenna had been in delicate health since the birth of a daughter in June last, and while she felt unusually well during the Christmas days, after New Year's she contracted a severe cold and complications set in. She was removed to the Dickbury hospital, and despite the skill of medical aid and all that kind and attention could do, she passed away peacefully, comforted by the sacrament of Extreme Unction, administered by the Rev. Fr. Darden, Curate.

Mrs. McKenna was a sister of J. M. McKenna, of the C.P.R. staff here. She was married with six sons at the time of her death and remained at this till after the funeral.

LIBERTY GET LANDS FOR FARMING. Applications in large numbers are being received at the provincial department of agriculture for leases of heretofore swamp lands recently donated over to Alberta by the Dominion government for the purpose of farming, said Hon. George Hood, minister of agriculture, on Friday.

Mr. Howler said that no leases will be given until the spring. He is governing the uses of the land, and these can be completed until the snow is off the ground in the spring.

United States and her other world were expected to have come one more to a parting of the ways, this time on the question of membership in the world court. Other members of the court have to Washington last week awaited replies to the U. ## CARD OF THANKS

Mary Kellett wishes to thank all Ladies and friends for kindness and gifts during her recent illness.

CARD OF THANKS. I would like to take this opportunity to thank the citizens of Redcliff for their kindness shown in my recent illness. I would especially acknowledge with gratitude the kindness of Mr. Sell and employees of the Brick & Coal Co. Rev. R. N. Matheson and Gordon Memorial church, the Ladies Aid, and also Brother Davis for looking after the funeral arrangements and all who sent flowers.

Yours sincerely, Joseph Holton.

Heard There

Some City-bred men on the way to Canada from abroad. It is expected that the year's harvest will be over 125, a record since 1914.

Over a million Canadian troops have been sent from New Brunswick to the United States in accordance with the provisions laid down in the armistice of 1918. The average 2,500 troops to the car.

About 150 British Canadian troops from the Pacific Coast have been sent to the United States in accordance with the provisions laid down in the armistice of 1918. The average 2,500 troops to the car.

According to a recent statement of E. W. Beatty, chairman and president of the Canadian Pacific Railway, the record of the railway's common stock as of June 30, 1926, indicates that 85 per cent. is held in Great Britain, 19 1/2 per cent. in the United States and 19 per cent. in the United States.

All previous records have been broken by the railway's common stock for 1926. It is estimated that the total profit for this year, when all returns are in, will be, in round figures, 1,300,000 cases. The nearest approach to this was in 1921, when slightly more than 1,700,000 cases were put up.

Early in June next year, it is announced, a regular airplane service between Chibouctou, Montreal and Toronto will be inaugurated by the Canadian Transcontinental Airplane Company—a corporation which has just received its license patent. The airplanes or hydroplanes will make stops at Riviere du Loup, Quebec, Three Rivers, Montreal and Ottawa.

Nearly a ton of mail-order wanted its sweetness on the Eveless air of the Canadian Pacific Express Company's goods to Montreal and Chibouctou, it arrived from France and England via the Canadian Pacific steamship "Montclair," and was loaded in twenty-two crates, of which twelve were destined for New York and the balance for distribution in this city.

Two hundred and ninety-four vessels of 55,295 gross tons and 42,225 net tons, were built in Canada and registered during the year 1925, according to the Department of Marine and Fisheries. Wood vessels built consisted of 140 sailing, 9 steam and 132 motor, and metal vessels of 5 sailing and 3 steam. Of the total tonnage 21,448 was attributable to British Columbia, 11,259 tons to Ontario, 7,612 tons to Quebec and 2,102 to Nova Scotia.

United States settlers continue to cross the border in large numbers, despite the lateness of the season. November figures issued by the Department of Immigration and Colonization show that the Government Agency at Fargo, N.D., forwarded 123 letters seven cars of effect, compared with 103 letters and four cars in the same month last year. The Kansas City Agency sent 46 letters, as compared with four last year and the Detroit Agency sent sixty, an increase of over 200 per cent. over November, 1925.

February will see the winter sports at the carnival at its height, at the Chateau Frontenac, Quebec. On the 4th and 5th the foremost speedsters in America will compete in the Canadian Indoor Speed Skating Championship for all distances and ages. Hockey, snow-shoeing, bobbed racing, skiing, will be going on every day of the month, but the outstanding event will be the Faculty International Dog sled race, February 23-24, which will cover the 120 miles of the race at the rate of 40 miles a day. Teams from the United States and Canada will compete, and it is understood there will be a woman competitor in the race.

An air mail service for Canada is likely. The Hon. P. J. Venoit, Postmaster-General, remarked in an interview that the Postal Department at Ottawa are following with keen interest the successful activities of the United States air service and that something similar may be started in this country shortly. Definite announcement was only of the other would be made early in the New Year, said Mr. Venoit.

Northern Ontario has 2,000,000 square miles of mineral lands, of which only 7 per cent. has been explored; and yet this seven per cent. has already produced metals to the value of a billion dollars. Such was the summing up of George C. Bateman, Secretary of the Ontario Mining Association, speaking before the Engineers' Club. "Twenty years ago," he reminded his hearers, "Northern Ontario was practically an unknown wilderness. Today it is the centre of a large and growing industry."

A combined service to the Canadian Pacific Railway Company of 140 years was terminated January 1st. The retirement from the activities of travelling passenger agents of Henry R. Ibbotson, Ambrose E. Leland and James McKenna. The officers of the company indicate that these three well-known officials have served respectively, 43, 42 and 42 years in the employ of the Company. The railway careers of these men began in each case during the construction of the Canadian Pacific line from the north shore of Lake Superior west to the Pacific Coast.
